DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 5 – 22, 26 – 42, 46 – 59 are allowed.

The following is an examiner's statement of reasons for allowance:

- The Examiner found the Applicant's arguments persuasive and considers that the references of the Prior Art of record fail to teach, or suggest any obvious combination of the limitations described in **claims 1, 15, 22, 41, 42, 54 and 55**, in particular, **(With respect to claims 1, 15, 22, 41, 42 and 54)** wherein the first mounting member is a substantially planar flat plate having an interface region in contact with the vibration isolation material; and a flange region extending away from the vibration isolation material and defining at least one aperture configured to receive a fastener for mounting the vibration isolation element to structure inside a garage; nor **(With respect to claim 55)** mounting the vibration isolation mounting element's first mounting member to structure inside a garage, wherein a first horizontal plane passes through the first mounting member and does not pass through the vibration isolation material, and a second horizontal plane parallel

to the first horizontal plane passes through the second mounting member and also passes through the vibration isolation material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
